PROFESSIONAL SUMMARY

Taranpreet Singh is an Architect specializing in precise 2D technical drafting and innovative 3D visualization, delivering comprehensive design solutions tailored to Dubai's market and global clients. With deep expertise in UAE codes and regulations, he collaborates with firms to optimize project workflows, enhance efficiency, and elevate design quality.

WORK EXPERIENCE

Taraf Atelier

Architectural Drafting & 3D Visualization Specialist

Sep 2022 - Present

UAE, Saudi Arabia, UK, Canada & USA (Remote)

- Managing projects involving Revit and Archicad, with a focus on technical documentation and accuracy.
- Delivering high-quality architectural solutions for commercial and residential projects, including Dubai-based developments.
- Preparing detailed technical drawings and 3D visualisations, and coordinating MEP documentation for seamless integration.

Just Fit Out Interior Decoration LLC

Architectural Designer & 3D Visualization Specialist

Jun 2023 - Present

Jebel Ali, Dubai, UAE (Remote)

- Designing and visualizing bespoke interior and architectural solutions for high-end commercial and residential fit-out projects.
- Translating client concepts into detailed technical drawings and photorealistic 3D renders aligned with project requirements and design intent.
- Collaborating remotely with design and execution teams to ensure accuracy, efficiency, and visual consistency throughout all project stages.

Draft & Craft Technical Mastery LLC

Architectural Designer & 3D Visualization Specialist

July 2024 - July 2025

Business Bay, Dubai, UAE (Remote)

- Contributing to architectural design projects with a focus on technical documentation, accuracy, and efficient execution.
- Developing residential and commercial design solutions tailored to Dubai's evolving built environment.
- Preparing detailed technical drawings and 3D visualisations, while coordinating with MEP teams to support integrated project delivery.

JOB EXPERIENCE & INTERNSHIP

B.D. Malik & Associates - Ar. Devendra Malik

Architectural Designer & 3D Visualization Specialist

Aug 2023 - Present

Janakpuri, New Delhi (On-Site)

- Coordinating on-site activities and facilitating communication among contractors, electricians, plumbers, and civil engineers.
- Assisted in developing 2D and 3D designs in compliance with Indian building codes.
- Gained hands-on experience in project execution, ensuring design feasibility and compliance with industry standards.

EDUCATION

Guru Gobind Singh Indraprastha University
Bachelor's in Architecture (Duration - 5 Years)

July 2019-July 2024
Dwarka, New Delhi, India

- Participated in design competitions spanning industrial design to urban planning.
- Shortlisted in the Destech Challenge Trophy for GIS-based data analysis and design.
- Conducted a traffic survey for an urban development project in Gurugram, Haryana.

CORE SKILLS
